IBM Watson Personality Insights for Bluemix

Except as noted below the terms of the IBM Bluemix Service Description or Terms of Use, as applicable, apply.

1. Cloud Service Description
   The Personality Insights service uses linguistic analytics to extract a spectrum of cognitive and social characteristics from the text data that a person generates through text messages, tweets, posts, and more.

2. Entitlement and Billing Information
   2.1 Charge Metrics
   The Cloud Service is offered in accordance with the following charge metric(s):
   API Call – An API Call is the invocation of the Cloud Service via a programmatic interface. You will be charged for the number of API Calls invoked.

3. Service Usage
   The Personality Insights service can be used for development of applications that may only be used internally within your enterprise. You are not authorized to use Personality Insights service to render services to any third party or to provide hosting or timesharing services to any third party. To make an application that uses Personality Insights otherwise available, you can become a member of the IBM Watson Ecosystem program. To learn about becoming a member of the IBM Watson Ecosystem program, please see http://www.ibm.com/smarterplanet/us/en/ibmwatson/ecosystem.html or email watson-ecosystem@us.ibm.com.

4. Safe Harbor Framework
   The Cloud Service does not comply with the US-EU and US-Swiss Safe Harbor Frameworks.
