

IBM Research Triangle Park In-Depth Briefings

IBM RTP Executive Briefing Center in Research Triangle Park, NC offers you an opportunity to see and hear about the new products that will enable you to build a new dynamic infrastructure (DI).

- **The right fit for a DI** - New generation of System x and BladeCenter systems reduces costs through energy efficiency and performance, improves service with end-to-end systems management, and mitigates risk as a result of leading x86 virtualization technology.
- **Green now more than ever** - New IBM BladeCenter HS22, IBM System x3400 M2, x3500 M2, x3550 M2, x3650 M2, iDataPlex dx360 M2, and System Cluster 1350 solutions can reduce costs, power consumption and environmental footprints.
- **DI solutions for mid-sized business** - New IBM System x3400 M2, x3500 M2, x3550 M2 and x3650 M2 Express and IBM BladeCenter HS22 Express are affordable solutions – easy to acquire and install.

We are offering three In-Depth sessions; each highlight an aspect of IT Infrastructure (dates listed below each session).
