

IBM z/OS Infrastructure Planning and Install Assistance for ACI BASE24-eps

Preparing for and installing the ACI BASE24-eps retail banking product

Features

- Assistance with the install of ACI™ BASE24-eps™ to the z/OS® platform by collecting the necessary information and identifying naming conventions for a smooth transition.
- ACI pre-installation checklists assistance and recommendations for system or operational changes
- Installation and installation verification testing assistance of BASE24-eps and troubleshooting IBM® system or middleware related problems.

Typical Benefits

- Helps customers ensure that the z/OS platform is properly prepared for the BASE24-eps install
- Guidance and recommendations for the continuing operation of the platform
- Shortened migration timeline by expediting base product install
- Lower install expense and risk
- Accelerated skills transfer to migration team

Why IBM®?

- **Deep skills in IBM System z® and z/OS.**
- **Deep skills in IT**
- **Insight into industry trends and opportunities**
- **Leadership on the critical issues surrounding availability, security, and scalability.**
