

*Here to help all iSeries Customers and Business Partners!!*

The Rochester iSeries Services Group is **the** premier contact for all iSeries service needs. Located in Rochester, Minnesota, home of the AS/400 and iSeries systems, our highly experienced consultants are available to work with you and your team.

- **Our consultants and architects offer** resources and skills that may not be available locally and allow valuable in-house or remote resources to remain focused on business-critical tasks.
- **Engagements** last from as little as hours, to long term engagements.
- **In-depth skills are a trademark of our subject matter experts.** With an average of 20 years industry, field and lab experience they bring a wealth of specialized knowledge to each account they assist.

Packaged & Custom Services. Our offerings include:
