

IBM System z9, eServer zSeries and S/390 Software Pricing Information

Vendor	Machine	WLC	PSLC	MSU	Coupling Facility	Group	PR/SM	Other
--------	---------	-----	------	-----	----------------------	-------	-------	-------

THE FOLLOWING PROCESSORS ARE COUPLING FACILITY ONLY

IBM

Note: Beginning with z900, IBM manufactured certain mainframe models having no general purpose engines and these mainframes cannot run z/OS. These special mainframes may either be configured as Standalone Coupling Facilities, Linux-Only Servers or both. Since these machines may have more purposes than a standalone Coupling Facility, they are listed on the standard IBM hardware exhibit. You can find them by searching for 'IPLA Only' on the 'Other' column of the IBM hardware exhibit.
