

How to access my enrolled applications:

1. Login to Supply Portal application using your IBM ID and password through the following link:
<http://portal-external.mybluemix.net/>
2. Click on My Portal: Application Access as shown below

The screenshot shows the IBM Supply Portal interface. On the left, there is a navigation menu with the following items: Supply Portal Overview, Public Portal, My Portal: MyFunctions, **My Portal: Application Access** (highlighted with a red box), News, announcements, etc., Contact information, Help, and Feedback. Below the menu is a language dropdown set to 'English' and a 'Related links' section with links for Supplier IBM Registration, Supplier Change Password, and Supplier Forgot Password. The main content area is titled 'Supply Portal Overview' and contains a 'Welcome to the Supply Portal' message. It states that the site is a single entry point for suppliers to access various strategic procurement applications. Below this, there are two bullet points: one for 'First time users(Suppliers)' and another for 'First time users(IBM Internal)', both providing instructions on how to register or set up their accounts.

3. Once you click on the link all the open applications and the applications you have access too will be displayed. The applications for which you have access to will be displayed in enrolled section highlighted below.

The screenshot shows the 'Enrollables' section of the Supply Portal. On the left, there is a 'Related links' section with links for Supplier IBM Registration, Supplier Change Password, Supplier Forgot Password, Global Procurement, Procurement One Place Help, Other Application Help, and Import compliance guidelines. The main content is a table with the following columns: Application Name, Description, and News. The 'Enrollables' section is highlighted with a red box, and the first few rows of the table are also highlighted.
