Have you thought about the future of your career? Technology is changing the way we work and affecting future career choices. In the era of digital transformation, IT professionals must adjust to a rapidly shifting technology and business landscape. Learn to leverage disruptive technology trends like cloud and cognitive at the IBM Systems Technical University (TechU) in Cairo, Egypt.

Join us for the most comprehensive technical training event on IBM Systems, products and solutions. You'll learn how to plan, architect, install, configure, migrate, operate and tune your IBM infrastructure for today and tomorrow. Train to stay ahead with IBM Systems TechU.

Packed with a punch
The Cairo TechU offers over 70 focused, in-depth training sessions and labs delivered by IBM Distinguished Engineers, developers or product experts. Check out the key topics below:
